STAGE & EVENTS DESIGNS
3D HYPER REALISTIC RENDERS
EQUIPMENT RENTAL

An aerial, top-down view of a stage and event space design. The space is roughly rectangular with rounded corners. The left side is filled with a dense grid of small, dark rectangular shapes representing seats. The right side features a large, light-colored, curved stage area with a few small, light-colored rectangular shapes on it. The stage is bordered by a dark, curved structure. The overall design is clean and modern, with a focus on the layout of the seating and stage.
